SUBJECT: **DOOR OF HOPE COMMUNITY CENTER, INC. CONTRACT -
WORKFORCE INVESTMENT ACT PROGRAMS**

We have conducted a program, fiscal and administrative contract review of Door of Hope Community Center, Inc. (Door of Hope or Agency), a Workforce Investment Act (WIA) Program service provider.

Background

The Department of Community and Senior Services (DCSS) contracts with Door of Hope, a private, non-profit agency to provide and operate the WIA youth program. The WIA youth program is a comprehensive training and employment program for in-school and out-of-school youth ages 14 to 21 years old. Door of Hope is compensated on a cost reimbursement basis. For fiscal year (FY) 2004-2005, DCSS paid Door of Hope approximately \$191,700 and for FY 2005-2006, Door of Hope's contract is for approximately \$178,267. Door of Hope's office is located in the First District.

Purpose/Methodology

The purpose of the review was to determine whether Door of Hope complied with its contract terms and appropriately accounted for and spent WIA funds in providing services to youth participants. We also evaluated the adequacy of the Agency's accounting records, internal controls and compliance with federal, State, and County guidelines.

Results of Review

Overall, Door of Hope provided the services in accordance with the County contract and WIA guidelines. In addition, Door of Hope maintained adequate controls over its business operations.

The Agency did not maintain sufficient documentation to support the payroll expenses charged to DCSS for November 2005. Specifically, six (75%) of the eight employees' timecards either did not indicate the number of hours worked on the WIA program, or the employees and/or the supervisors did not approve the timecards as required. The County contract requires the contractor bill DCSS based on actual expenditures incurred for which the contractor has adequate supporting documentation for such expenditures.

Details of our review, along with recommendations for corrective action, are attached.

Review of Report

We discussed our report with Door of Hope on June 15, 2006. In their attached response, Door of Hope concurred with our findings and recommendations. We also notified DCSS of the results of our review. We will follow-up on the recommendations during our next year's monitoring review.

We thank Door of Hope for their cooperation and assistance during this review. Please call me if you have any questions, or your staff may contact Don Chadwick at (626) 293-1102.

ELIGIBILITY

Objective

Determine whether Door of Hope Community Center Inc. (Door of Hope or Agency) provided services to youths that meet the eligibility requirements of the Workforce Investment Act (WIA).

Verification

We selected a sample of six (12%) youth program participants from a total of 52 participants that received services between July 2005 and January 2006. We reviewed the six case files for documentation to confirm their eligibility for WIA program services.

Results

The case files for all six program participants contained documentation to support the participants' eligibility to receive program services.

Recommendation

There are no recommendations in this section.

BILLED SERVICES/CLIENT VERIFICATION

Objective

Determine whether Door of Hope provided the services in accordance with the County contract and WIA guidelines. In addition, determine whether the youth program participants received the billed services.

Verification

We reviewed the documentation contained in the case files for six (12%) program participants that received services during July 2005 through January 2006. We also interviewed one youth participant. We were unable to locate the remaining five youth participants/guardians. However, we reviewed case file documentation that sufficiently documented that the participants received services.

Results

The one youth program participant interviewed stated that the services received met her expectations. In addition, the case files for the six participants contained documentations to support the services billed to DCSS.

Recommendation

There are no recommendations in this section.

CASH/REVENUE

We interviewed Agency personnel and reviewed financial records. We also reviewed Door of Hope's bank reconciliations for October, November and December 2005.

Results

Door of Hope maintained adequate controls to ensure that cash receipts and revenues were properly recorded and deposited in a timely manner.

Recommendation

EXPENDITURES/PROCUREMENT

Objective

Determine whether program related expenditures are allowable under the County contract, properly documented, and accurately billed.

Verification

We interviewed Agency personnel, reviewed financial records, and reviewed documentation for 24 (47%) of the 51 non-personnel expenditure transactions billed by the Agency for October, November and December 2005, totaling \$12,170.

Results

Door of Hope's expenditures were allowable, properly documented and accurately billed to DCSS as required.

PAYROLL AND PERSONNEL**Objective**

Determine whether payroll is appropriately charged to the WIA program. In addition, determine whether personnel files are maintained as required.

Verification

We traced and agreed the payroll expenses invoiced for all eight employees in November 2005, totaling \$9,712, to the payroll records and time reports. We also interviewed one employee and reviewed personnel files for five employees assigned to the WIA program.

Results

The Agency did not maintain sufficient documentation to support the payroll expenses charged to DCSS for November 2005. Specifically, six (75%) of the eight employees' timecards either did not indicate the number of hours worked on the WIA program, or the employees and/or the supervisors did not approve the timecards as required. The County contract requires the contractor bill DCSS based on actual expenditures incurred for which the contractor has adequate supporting documentation for such expenditures.
